	Reg. No.:
	Question Paper Code: 20677
I	B.E./B.Tech. DEGREE EXAMINATION, NOVEMBER/DECEMBER 2018.
	Second Semester
	Civil Engineering
	HS 6251 — TECHNICAL ENGLISH – II
	(Common to all branches Except Marine Engineering)
	(Regulations 2013)
Time	: Three hours Maximum : 100 marks
	Answer ALL questions.
	PART A — $(10 \times 2 = 20 \text{ marks})$
1.	Combine the following sentences using the given cause and effect expressions: $(2 \times 1 = 2)$
	(a) She was told to vacate the room. She had not paid the rent to the owner.  (Since)
	(b) The weather in the city was extremely bad. The cricket match was cancelled. (Owing to)
2.	Make sentences expressing purpose using the given hints : $(2 \times 1 = 2)$
	(a) Anemometer: measures force and velocity of wind and direction.
	(b) Audiometer: measures the intensity of Sound.
	Select any one word from the box and use them as noun and as verb in separate sentences: $(2 \times 1 = 2)$
	Example: Report  (a) Jim reported to Charles for duty. (Verb)
	(b) She submitted the report to the CEO yesterday. (Noun)  (i) attack (ii) answer (iii) challenge
	Complete the following conditional sentences: $(2 \times 1 = 2)$ (a) He would have repaired the car himself if he ————.

(i) unifying factor (ii) cause of quarrel (iii) cause of rivalry.  (b) He visits them frequently. (ii) He visits them once in a blue moon. (i) He visits them once in a while. (iii) He visits them once in a blue moon.  6. Fill in the blanks with the appropriate collocation from the given options: (4 × ½ = 2) (a) He is the boss. He exerts absolute ————————————————————————————————————	5.	Choose the correct meaning of the idiom from the three options: (2)  (a) Parental property has become a hone of contention between
<ul> <li>(ii) cause of quarrel</li> <li>(iii) cause of rivalry.</li> <li>(b) He visits his parents once in a blue moon.</li> <li>(i) He visits them frequently.</li> <li>(ii) He visits them once in a while.</li> <li>(iii) He visits them in the light of a blue moon.</li> <li>6. Fill in the blanks with the appropriate collocation from the given options:</li></ul>		siblings.
<ul> <li>(iii) cause of rivalry.</li> <li>(b) He visits his parents once in a blue moon.</li> <li>(i) He visits them frequently.</li> <li>(ii) He visits them frequently.</li> <li>(iii) He visits them once in a while.</li> <li>(iii) He visits them in the light of a blue moon.</li> <li>6. PART B - (5 × 16 = 80 marks)

11. (a) Read the following passage and answer the questions given below:

For years video games have been criticized for making people more antisocial, overweight or depressed. But now researchers are finding that games can actually change us for the better and improve both our body and mind

Games can help to develop physical skills. Pre-school children who played interactive games such as the ones available on internet have been shown to have improved motor skills, for example they can kick, catch and throw a ball better than children who don't play video games. A study of surgeons who do microsurgery in Boston found that those who played video games were 27 per cent faster and made 37 per cent fewer errors than those who didn't. Vision is also improved, particularly telling the difference between shades of grey. This is useful for driving at night, piloting a plane or reading X-rays.

Games also benefit a variety of brain functions, including decision-making. People who play action-based games make decisions 25 per cent faster than others and are no less accurate, according to one study. It was also found that the best gamers can make choices and act on them up to six times a second, four times faster than most people. In another study by researchers from the University of Rochester in New York, experienced gamers were shown to be able to pay attention to more than six things at once without getting confused, compared with the four that most people can normally keep in mind. Additionally, video games can also reduce gender differences. Scientists have found that women who play games are better able to mentally manipulate 3D objects.

There is also evidence that gaming can help with psychological problems. At the University of Auckland in New Zealand, researchers asked 94 young people diagnosed with depression to play a 3D fantasy game called SPARX and in many cases, the game reduced symptoms of depression more than conventional treatment. Another research team at Oxford University found that playing Tetris shortly after exposure to something very upsetting — in the experiment, a film of traumatic scenes of injury and death was used — can actually prevent people having disturbing flashbacks.

The effects are not always so positive, however. Indiana University researchers carried out brain scans on young men and found evidence that violent games can alter brain function after as little as a week of play, affecting regions in the brain associated with emotional control and causing more aggressive behavior in the player. But Daphne Bavelier, one of the most experienced researchers in the field, says that the violent action games that often worry parents most may actually have the strongest beneficial effect on the brain. In the future, we may see many treatments for physical and neurological problems which incorporate the playing of video games.

#### NISSA FABRICS AND HANDLOOMS PVT LTD

Chennai, Tamil Nadu

Needs Freshers in Fashion Designing

Designation: Fashion Designer

- · Education : B.Tech. Fashion Technology
- Experience: 0-2 years in Fashion designing

Requirements:

- Knowledge of Fabrics and costume styles
- > Able to communicate with pattern makers and designers
- · Sub Roles: Fashion-Design and Textile-Design
- · Specialization: Fashion Designing/Other Designing

Send your application with the resume to the HR Manager, Nissa Fabrics and Handloom private limited, 13, Motley Road, Chennai - 600125.

13. (a) As the Project Coordinator, you conducted a 21-day training programme on tailoring for both men and women in three different places in Thiruvannamali district last month. Professional tailors taught them the basics of stitching clothes during the programme. Afterwards, sewing machines were given to them to ensure economic independence. Write a report about the project of the 21-day training programme highlighting the objectives, benefits, number of tailoring teachers used, number of participants and the day by day programme schedule followed during the training period. Send your report not exceeding 300 words with a covering letter to the Director, Rural Development Centre, Thiruvannamali. (16)

Or

(b) The Villupuram district administration finds that there are 75 remote villages without library facilities and the literacy rate in each village is more than 55 percent. It wants to introduce mobile library facility to improve the reading habit of the educated people of these remote villages. Mobile library is a large vehicle that travels around to allow people in smaller or more remote communities to borrow books. As you are the Project Coordinator, you have been asked to conduct a feasibility study on mobile library that is to be implemented for the benefit of the villagers. In your study, you have to take into account the factors like road connectivity, type of books they need, time schedule for the distribution of books, and time duration for them to return the books. Write a report not exceeding 300 words based on your study with a covering letter and send it to the District collector, Vilupuram. (16)
